Access to Information Act

Annual Report (April 1, 2023 to March 31, 2024)

Introduction

The Historic Sites and Monuments Board of Canada (HSMBC) is pleased to submit to Parliament its annual report on the administration of the *Access to Information Act* for the reporting period commencing on April 1, 2023, and ending on March 31, 2024.

This report is prepared and tabled in accordance with the following:

- section 94 of the *Access to Information Act*, which requires that the head of every federal
- institution prepare and submit an annual report to Parliament on the administration of the *Act* in the institution during the fiscal year.

Purpose of the *Access to Information Act*

The purpose of the *Access to Information Act* is to enhance the accountability and transparency of federal institutions to promote an open and democratic society and to enable public debate on the conduct of those institutions. To further that purpose:

Part 1 extends the present laws of Canada to provide a right of access to information in records under the control of a government institution in accordance with the principles that government information should be available to the public, that necessary exceptions to the right of access should be limited and specific, and that decisions about the disclosure of government information should be reviewed independently of government.

- Part 2 sets out requirements for the proactive publication of information.

Mandate of The Historic Sites and Monuments Board of Canada (the Board)

Under the *Historic Sites and Monuments Act*, the Board is the statutory advisory body to the Minister of Environment and Climate Change on the national historic significance of places, people, events of Canadian history. The Government of Canada has designated over 2,200 subjects of national historic significance on the advice of the HSMBC since its inception in 1919. The HSMBC is also responsible for providing advice on the designation of heritage railway stations under the *Heritage Railway Stations Protection Act* and on the designation of heritage lighthouses under the *Heritage Lighthouse Protection Act*.

The Indigenous Affairs and Cultural Heritage Directorate of Parks Canada (the Directorate), offers secretariat services to the HSMBC and receives approximately 1,000 queries annually from the public, MPs, media and heritage organizations across Canada related to the designation process, information about the HSMBC and previous HSMBC deliberations. The Directorate also processes and responds to about 50 nominations for subjects of possible national historic significance each year. It also administers the *Heritage Railway Stations Protection*

Act, the National Program for the Grave Sites of Canadian Prime Ministers and the *Heritage Lighthouse Protection Act*.

In 2023-24, Parks Canada's Access to Information and Privacy Office (ATIP) officials had the full delegated authority in relation to the *Access to Information Act* as it relates to the HSMBC.

Organizational Structure

HSMBC modified their ATIP Delegation Order in June 2023, granting full authority to Parks Canada's Access to Information and Privacy Office.

During this reporting period, the Parks Canada ATIP office was part of the Corporate Communications Branch. The Access to Information and Privacy Office is comprised of six (6) full-time employees responsible of implementing and managing services related to the administration of the *Access to Information Act* and the *Privacy Act* for Parks Canada and HSMBC.

Internal tools and procedures have been developed to support the Agency in meeting its obligations under the *Access to Information Act*, regulations and Treasury Board policies and are regularly reviewed and improved.

HSMBC handles a relatively low number of requests received under the *Access to Information Act*.

Performance 2023-2024

The Statistical Report submitted on behalf of the HSMBC to the Treasury Board of Canada Secretariat (TBS) for the period of April 1, 2023, to March 31, 2024.

Because most information requests from the public, media, scholars, businesses, and heritage organizations are related to publicly available information and submitted directly to the Directorate, very few requests are submitted under the *Access to Information Act*. In 2023-2024, one (1) request was received under the *Access to Information Act* and later abandoned.

Training and Awareness

No training or awareness activities took place during this period.

Policies, Guidelines, Procedures and Initiatives

No new policy regarding administration of the *Access to Information Act* was implemented during the reporting period.

Initiatives and Projects to Improve Access to Information

For the reporting period commencing on April 1, 2023, and ending on March 31, 2024, the delegation under the *Access to Information Act and Privacy Act* on behalf of the Historic Sites and Monuments Board of Canada was granted to Parks Canada employees responsible for the Parks Canada Access to Information Office. This change was implemented to ensure that access to information and privacy requests are treated by a dedicated and specialized organizational unit.

Summary of Key Issues and Actions Taken on Complaints

The HSMBC did not receive any complaints and no investigations were concluded in 2023-2024; there are no issues to report in this regard.

Monitoring Compliance

All Directorate officials with management responsibilities related to the HSMBC (supervisors, managers, and directors) are advised of team members' work hours dedicated to the completion of access to information requests. In 2023-2024, no monitoring was conducted during the reporting period.
