Backcountry Lodges:

Random Camping Areas:

Glacier:

Mountain Peak:

- Pick the area of the park you would like to travel in.
- Select the grazing areas and how long you will stay in each.
- Reserve your trip and apply for a grazing permit at the Banff Warden Office 1-403-762-1470

GRAZING AREAS AND CAMPSITES

Bryant, Brewster, Spray Watersheds

- 1. Birdwood (Upper Spray)**
Camp at Us15 campground. Grazing in meadow adjacent to campsite.
- 2. Tall Timbers**
Camp at Tall Timbers horse campground in the Bryant Creek valley 2 km west of the warden cabin. Grazing in meadows adjacent to the campsite.
- 3. Brewster Creek Halfway**
Grazing in wet meadows and slide paths below Allenby Pass and adjacent to Halfway lodge. No use of private concessionaires' horse facilities without permission.
- 4. Brewster Creek**
Camp at Bw 10 campground at Fatigue junction. Grazing above Fatigue Creek trail junction to confluence of unnamed creek coming from Allenby Pass. No use of private concessionaires' horse facilities.

In Case of Emergency

Cell Phone: **911**
(Cell phones not always reliable in backcountry)

Satellite Phone:
1-403-762-4506

Cascade, Dormer, Johnston, Mystic, Panther Watersheds.

- 5. Cascade Road/Stoney Creek**
Camp at Cr 15 campground. Grazing is on the northeast side of the Cascade Road/Stoney Creek junction.
- 6. Cascade Road/Elk Trap**
Use the meadows around the elk trap (approx. 4 km up from Stoney Creek bridge).
- 7. Flint's Park**
Use the small meadow 1.5 km west of Flint's warden cabin between the old road and Cascade River.
- 8. Upper Flint's Park**
Meadow halfway between Flint's warden cabin and Block Lake junction. As the old fire road forks near the east side of the meadow, take the lower fork.
- 9. Sawback Slidepath**
Camp at campground Fm29. Grazing in the slide paths on the north side of the creek from the campground.
- 10. Mystic Lake**
Camp at campground Ml 22. Grazing in the slide path above the campground.
- 11. Elk Pass**
Camp at campground Ek 13. Grazing in the large meadow below the campground.
- 12. Dormer Meadow**
A small series of boggy meadows 1 km north of Dormer Pass. Camping is on higher ground north side of the creek.
- 13. Lower Dormer**
A small meadow and grassy area in open pine forest approximately .5 km upstream of the trail junction to Panther River. A good campsite exists across from the Dormer/Panther junction on the east side of the river.
- 14. Lower Panther**
This area is the eastern half of the lower Panther Meadow, which begins at the West Elkhorn Summit shortcut and extends for 2.5 km downstream from that point. Suggested camping is on the east side of the river at an obvious old trail ride camp. Camping is not permitted near the ecologically sensitive sulphur springs.
- 15. Upper Panther**
The large meadow system beginning at the old campsite .5 km upstream of the Cascade Trail/Panther River junction.
- 16. Upper Johnston Creek**
Camp 1km south of the Jo 29 Campground. Grazing in the meadows adjacent to the campground.

Baker Creek, Red Deer Watersheds, Divide Creek

- 17. Baker Creek**
A small shrub land meadow along the trail 1.5 km north of Wildflower Creek.
- 18. Tyrrell Creek**
Horses can graze throughout this large meadow on either side of the Cascade Trail from Tyrrell Creek to Coyote Creek.
- 19. Scotch Camp**
There is ample grazing on either side of the river in this area. Good campsites exist on the south side of the river .5 km past the bridge, and 1 km away from the bridge on the north side of the river at the mouth of Divide Creek. No use of the warden pasture.
- 20. McConnell Creek**
A grassy shrub land meadow exists along the trail at the junction of the creek and the Red Deer River.
- 21. Horseshoe Lake (Skeleton Lake)**
A good camping and grazing site exists adjacent to the trail to the lake along the south shore of the Red Deer River. Due to the wet and boggy areas near the lakeshore, no camping or grazing is permitted within 1 km of the lake.
- 22. Sandhills**
A large meadow with sand hills on the northeast edge approximately 3 km upstream from the warden cabin.
- 23. Douglas Lake**
A large wet grassy meadow exists at the south end of Douglas Lake.
- 24. Drummond Creek**
A grassy shrub land meadow exists near the Drummond Creek drainage with a suitable camping site just west of the trail.
- 25. Lower Red Deer Lakes**
Grazing in several small meadows along the Red Deer River just east of the warden horse pasture at Red Deer Lakes.
- 26. Divide Creek**
Immediately south of Divide Pass lies a very large shrub land meadow suitable for larger parties. The warden cabin lies along the east side of this open area.

Peters Creek, Clearwater River

- 27. Indianhead Meadows**
This large area consists of two large shrub land meadows at the confluence of Peters Creek and the Clearwater River along the Peters Creek trail. Formerly the site of an old warden cabin.

Pipestone, Siffleur Watersheds

- 28. Malloch Creek Flats**
This large shrub land meadow provides excellent grazing with good dry campsites.
- 29. Trident Lake**
There are several fair grazing sites well off the lakeshore in small grassy meadows.
- 30. Lower Clearwater Lakes**
A good campsite exists in a grassy area at the east end of Clearwater Lakes below the drift fence.
- 31. Upper Clearwater Lakes**
This is a grassy meadow which runs for approximately 2 km upstream from the lakes. No camping or grazing permitted within 1 km of the warden cabin. This grazing area is the large meadow above the drift fence.
- 32. Devon Lakes**
This is a large grassy shrub land area approximately 3 km downstream from Devon Lakes.
- 33. Point Camp Meadows**
Located beside Pipestone River, 2 km south of the junction of the Pipestone River and Little Pipestone creek and 2 km north of the private concessionaires' horse camp.
- 34. Molar Creek Meadow**
Camp at Mo16 campground. This meadow is approximately 3 km up from the Molar Creek trail junction with the Pipestone River and consists of a small grassy knoll amid a wet shrub land.
- 35. Lower Singing Meadows**
This area starts approximately 3 km up from Little Pipestone Creek and extends up valley for 2 km.

North Saskatchewan Watershed

- 36. Upper Singing Meadows**
A large grazing area adjacent to a tumbling waterfall in the vicinity of the trail junction to Fish Lakes.
- 37. Upper Pipestone River**
This area is the last grassy area in the timber before making the climb to Pipestone Pass.
- 38. Siffleur River**
Located halfway between Pipestone Pass and Dolomite Creek near the Siffleur River. Random camping is not permitted in this area of the park. Camp at the designated campsite (NH 437 365). This is a special wild land zone where camping and grazing is permitted for only one consecutive night.
- 39. Isabella Lake**
This area consists of shrub land meadows and slide paths just above the warden cabin for 2 km.
- 40. Howse River**
Small patches of grass below Lagoon Lake at the old warden cabin site.

- 41. Glacier Lake**
Area at the end of Glacier Lake has a large meadow approximately 2 km long.
- 42. Watchman Lake**
Grassy areas along the north and west side of the lake.
- 43. Sunset Pass**
Camp at No 5 campground. This area is a large meadow. Grazing is adjacent to the campground.
