

Filming Temporary Business Licence Application

Mountain National Parks

The information provided is used to determine whether a licence will be approved and issued. All parts of the application must be completed. Parks Canada reserves the right to deny applications that do not support Parks Canada’s mandate, values and principles as well as incomplete applications and requests that conflict with day-to-day operations.

A complete application must be submitted a minimum of 20 business days prior to the first proposed day of filming in order to provide sufficient time for review and approval. Incomplete applications will not be processed.

Parks Canada can coordinate a licence for filming in more than one national park. Please contact the first park where you wish to film (see contact information on the last page). All supporting documents should be sent to the Parks Canada contact who is coordinating the Film Licence.

Section three – Aerial filming

Activities involving aircraft, including Unmanned Aerial Vehicles (UAVs, or “drones”), are restricted under the Canada National Parks Act and National Parks of Canada Aircraft Access Regulations (<http://laws-lois.justice.gc.ca/>). Aircraft access may be approved by the national park Superintendent for park management and emergency purposes only. Landing, take-off and low level flying in a national park requires a Restricted Activity Permit in addition to an approved Film Licence. Additional time may be required to process applications involving aerial filming.

As per Section 3 (1) of the National Parks Aircraft Access Regulations, the Superintendent can issue a Restricted Activity Permit to launch or land a UAV for the purpose of (a) natural or cultural resource management and protection directly related to the administration of the park; (b) any other management or control function directly related to the administration of the park; (c) public safety; or (d) law enforcement

Do you propose to land a helicopter or film by air in a national park?

- Yes
- No

If yes, please indicate the type of aircraft:

- Unmanned Aerial Vehicle (UAV)
- Helicopter
