

# **Boozhoo - Welcome**

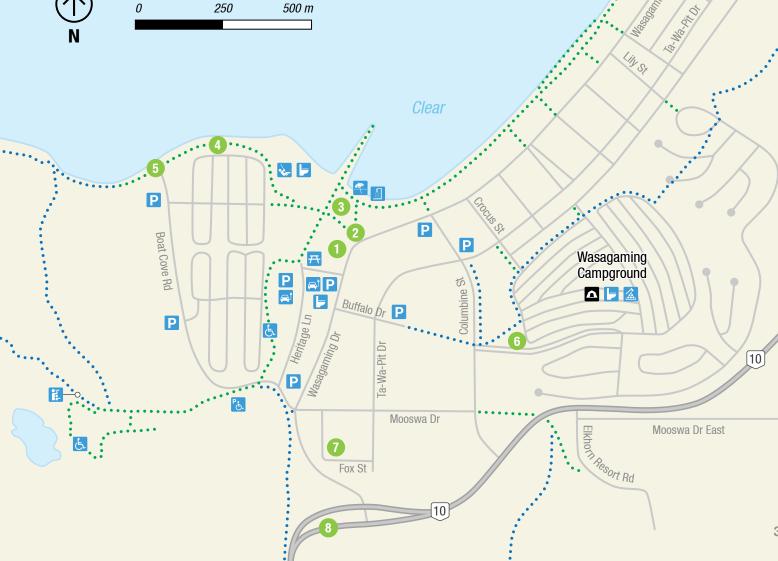

Riding Mountain National Park is in Treaty 2 Territory, where we work with Anishinabe, First Nations from Treaties 2, 4, and 1. We honour, acknowledge, and recognize Indigenous contributions to the park, the province, and Canada.

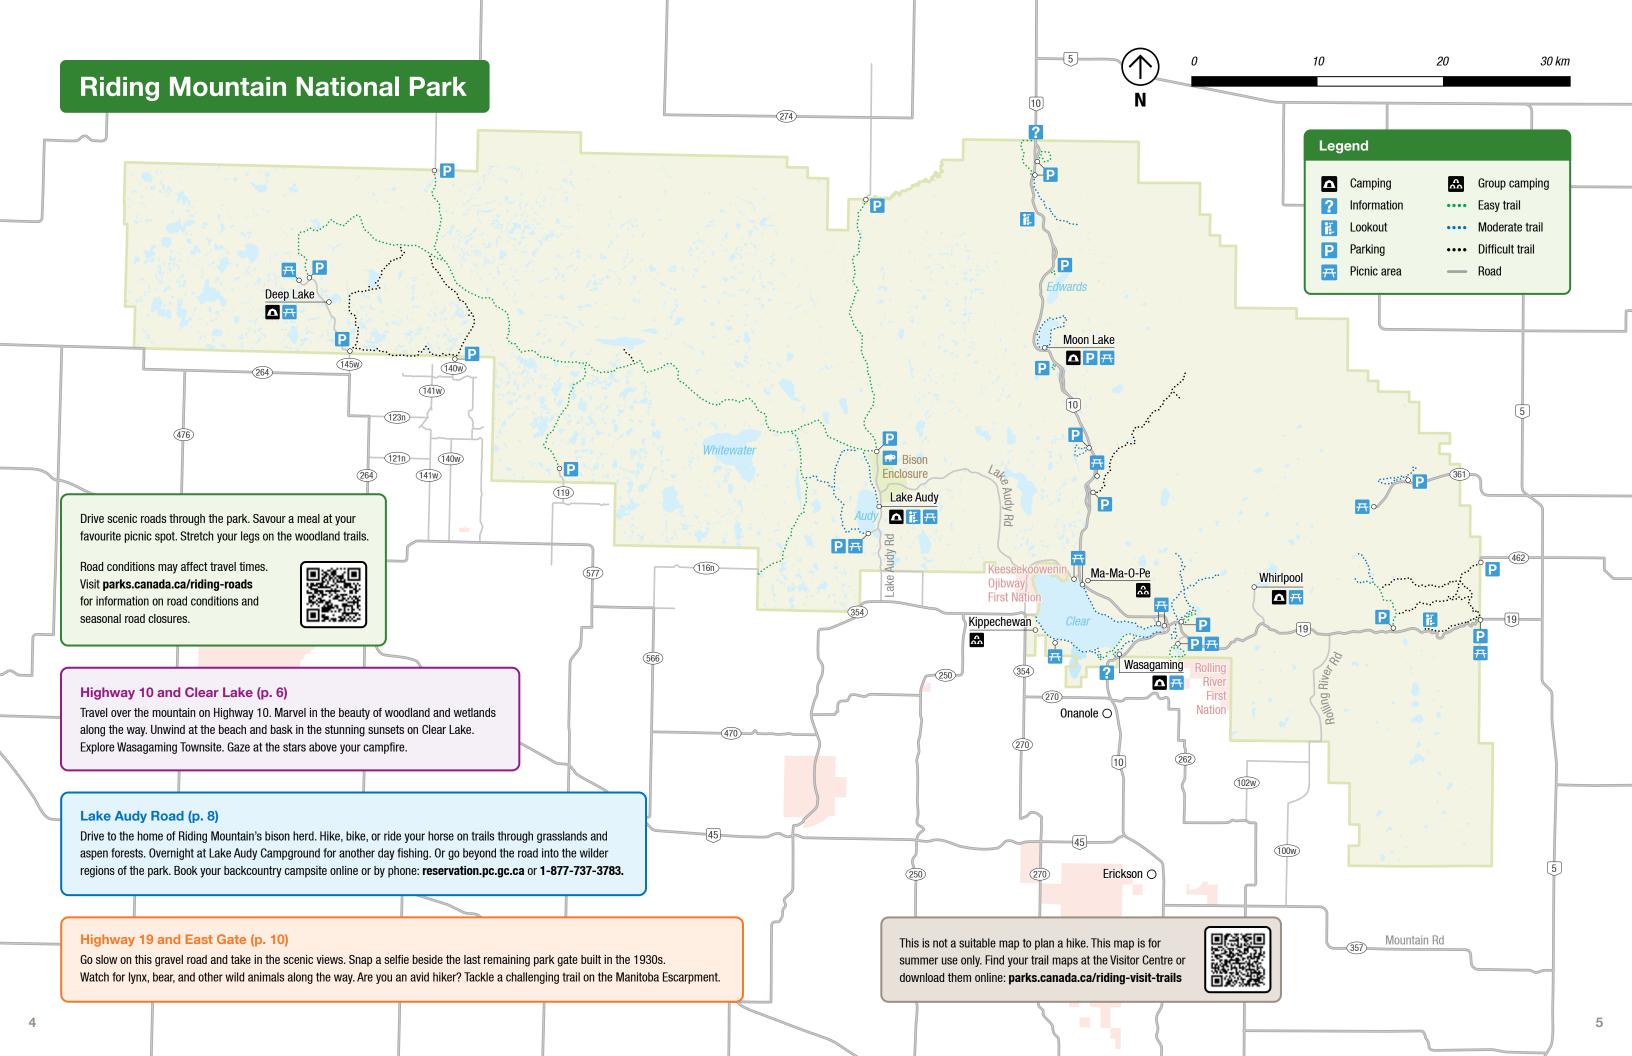

### We All Work Together - Widokodadiwin

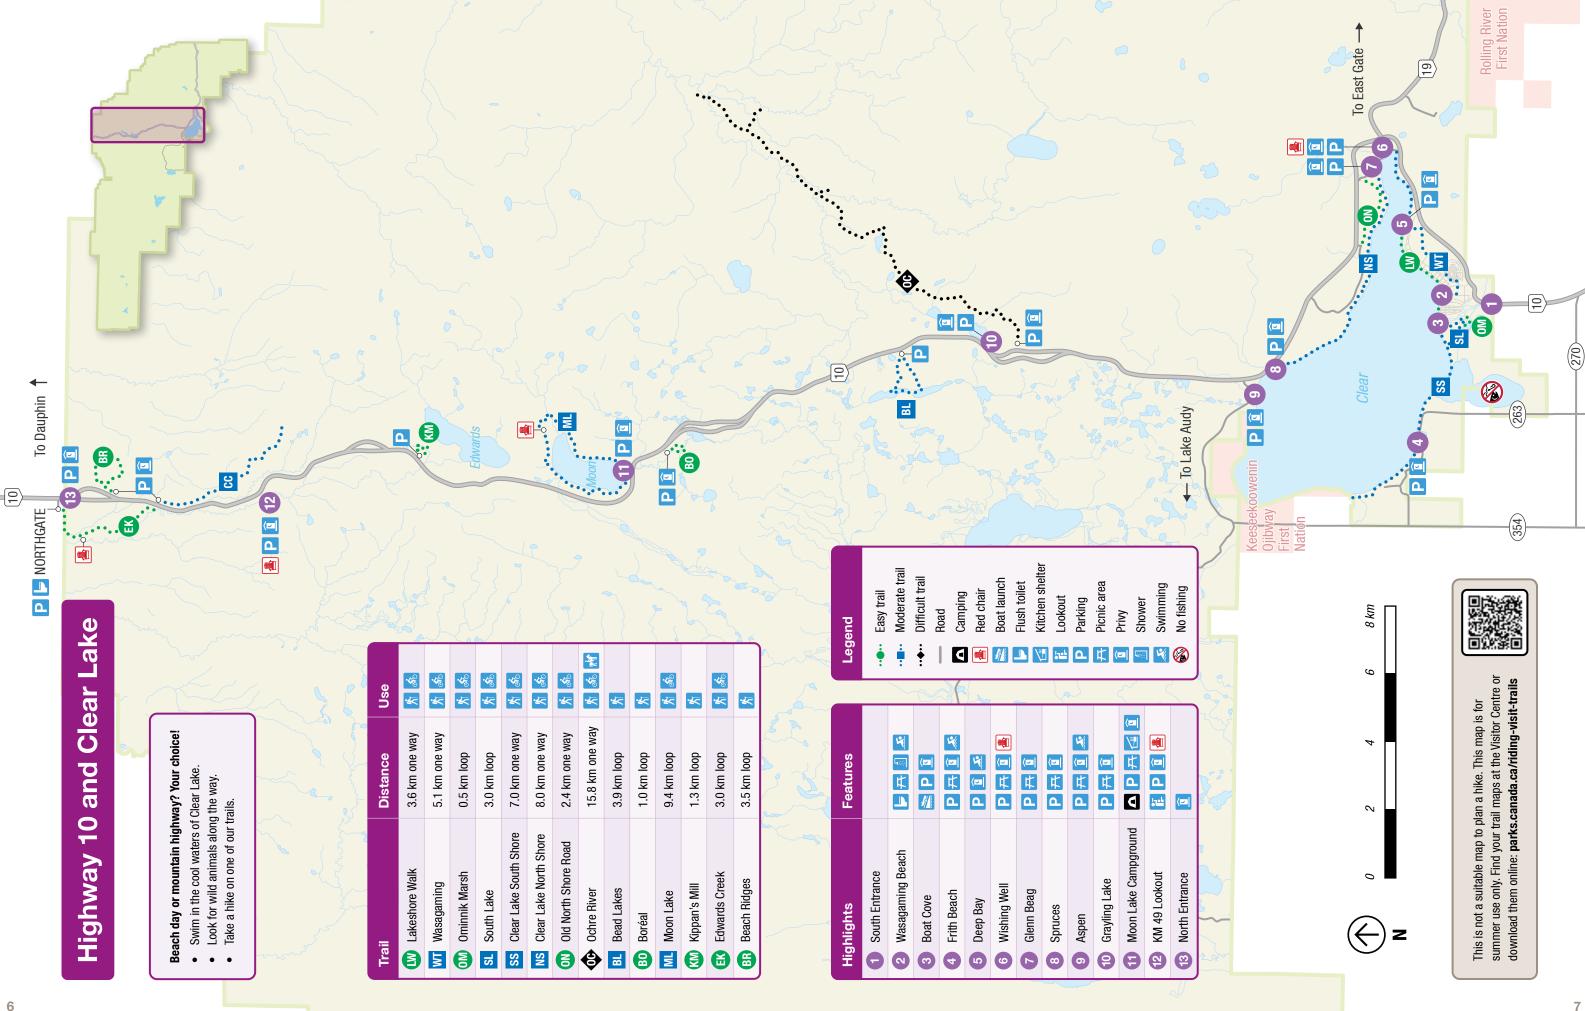

The Coalition of First Nations with Interests in Riding Mountain National Park was established to foster positive relationships between local First Nations and Parks Canada. It includes nations from Treaty 2, 4, and 1: Keeseekoowenin Ojibway First Nation, Ebb and Flow First Nation, Waywayseecappo First Nation, Rolling River First Nation, Tootinaowaziibeeng First Nation, Gambler First Nation, and Sandy Bay Ojibway First Nation. Parks Canada and the Coalition of First Nations established the Riding Mountain Forum to work together, share information and put ideas into action.

# **Keep Wildlife Alive**

#### IT'S THE LAW:

- Do not feed wildlife.
- Do not litter.
- Never leave food or garbage unattended.

#### Walking away from your campsite or picnic site?

- Clean up to protect wildlife.
- Wild animals see and smell human food and garbage.
- Animals can become aggressive or sick if they get into it.
- Animals who get into human food or scented items are often killed to keep people safe.

Put coolers away. Secure your food and items with a smell in your vehicle or in a food locker.

# CLEAN

Leave your site animal proof.

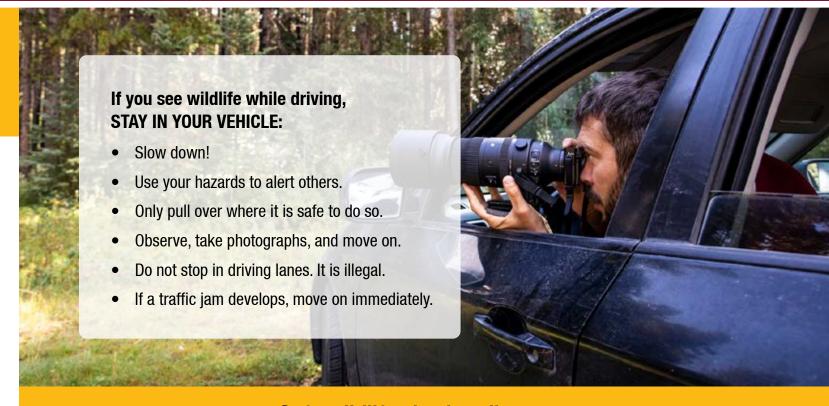

Do not leave any food or garbage out without supervision.

You MUST store away all food, food-related, and scented items (clean, dirty, or sealed).

Coolers, stove, and containers also attract animals. Put them away in your vehicle or in food lockers.

Safe wildlife viewing distances

100 m / 330'

# What are Aquatic Invasive Species?

- AIS are non-native plants, animals, and diseases (often too small to see).
- AIS travel with you from one body of water to another.
- AIS stick to your clothes, gear, watercraft, and pets.

# Why should you care about stopping AIS?

- AIS can make water and beaches not fit for people to enjoy.
- AIS presence can result in closures and restrictions.
- AIS may destroy healthy water and aquatic life.
- AIS damage is often not reversible.

**CLEAN, DRAIN, AND DRY** to prevent the spread of AIS

Make it a habit everywhere you go!

#### **CLEAN**

Remove all mud, sand, plant, and animal parts from all items **before leaving** the shore.

#### **DRAIN**

Drain, **onto land**, all items that can hold water. Invert or tilt items. Open all compartments. Remove the seats if necessary.

#### **DRY**

Dry all items completely **before** entering any river, pond, lake, or stream.

Learn more about our AIS prevention programs and current AIS restrictions: parks.canada.ca/riding-ais

# Safety Is Your Responsibility

#### Know before you go:

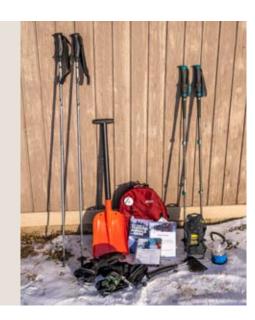

Visit the web for reports on weather, roads, trails, and fire conditions: parks.canada.ca/riding

Trail Conditions: parks.canada.ca/riding-trails

Road Conditions: parks.canada.ca/riding-roads

Weather: weather.gc.ca

Important Bulletins: parks.canada.ca/riding-bulletins

- Respect speed zones, trail signs, warning signs, closures, and hazards.
- Assess the safety risk for yourself. Do not blindly follow what others do.
- Do not exceed your level of knowledge and skill.

# Did you know?

- Off-leash dogs cause stress for wildlife which can result in dogs and people being hurt or killed in the park.
- You can run into bears and other wildlife anytime and anywhere. This includes in town, on trails, roadways, picnic areas, and campgrounds.
- Stay Safe. Keep your dog on leash always. IT'S THE LAW.

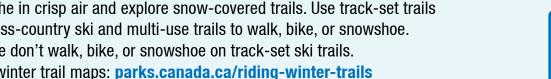

4 15

Stop by the Visitor Centre, Park Administration, or South Gate to pick up a park pass and winter information. Check our website for winter hours of operation: parks.canada.ca/riding-hours

When conditions allow, make the most out of winter at our skating rink or ice-covered lakes. Use caution and common sense on the ice. You must have a Riding Mountain National Park Fishing Permit for ice-fishing in the park. Learn more about winter fishing in our Fishing Regulations Summary: parks.canada.ca/riding-fishing

Breathe in crisp air and explore snow-covered trails. Use track-set trails to cross-country ski and multi-use trails to walk, bike, or snowshoe. Please don't walk, bike, or snowshoe on track-set ski trails. Find winter trail maps: parks.canada.ca/riding-winter-trails

#### Winter poses additional concerns:

- Plan your route around the forecast, snow conditions, and distance.
- Expect winter driving conditions. Winter tires are strongly recommended. Drivers should travel based on comfort level and experience.
- Cell phone coverage is not dependable throughout the park. Do not rely on your cell phone or other electronic devices.

### **Ice Safety**

- Parks Canada does not check ice thickness.
- It is up to you to assess the thickness of the ice. Safety is your responsibility.
- The Red Cross recommends an ice thickness of at least 15 centimetres for safe skating on lakes and ponds.

### **Plan Your Visit**

#### **Accessibility**

Information on accessible services is available at the Visitor Centre, Park Administration, or staffed campground kiosks and park gates. Learn more at: parks.canada.ca/riding-accessible

Service animals are welcome in the park and at park facilities.

They must be leashed and under control at all times.

#### Camping

Campgrounds fill quickly. Book ahead of time when possible. For fees and information visit: Parks Canada Reservation Service: parks.canada.ca/reservation or 1-877-RESERVE (737-3783).

Reservation needed for all sites in the campground.													

Group camping is available in the park at Camp Ma-Ma-O-Pee and Kippechewin.

Campgrounds are first come, first served. You must be on site to know if a site is available.

• Visit parks.canada.ca/riding-camping for more information or call 204-848-7275 to reserve.

These campgrounds are rustic. Use a registration envelope supplied at the entrance kiosk. Pay with cash or credit card.

#### **Park Passes**

#### You must have a valid national park entry pass.

Your entry fees help support and maintain visitor services and facilities. Purchase your national park entry pass at the Visitor Centre, Park Administration, staffed campground kiosks and park gates, or online: parks.canada.ca/passes

#### **Contact Us**

# **Park Regulations**

You are responsible to know and follow national park rules. For a complete list, visit: parks.canada.ca/riding-rules

#### DO NOT LITTER.

Put all garbage in garbage bins. If bins are full, take your garbage with you and dispose of it later.

#### **NO DRONES ALLOWED.**

Riding Mountain National Park is a no drone zone.

#### DO NOT MOVE OR COLLECT FIREWOOD.

Use firewood provided or buy wood near where you will use it. Leave any unused firewood on site. Leave any unused firewood on site.

#### NO CAMPFIRES OUTSIDE OF METAL FIREPITS.

This helps prevent wildfires. It keeps the site clean for the next visitor to enjoy it.

#### NO CAMPING UNLESS IN A DESIGNATED PARK CAMPSITE WITH CAMPING PERMIT.

No camping at roadside pullouts, trailheads, and day use areas.

#### DO NOT APPROACH OR HARASS WILDLIFE.

All wildlife is potentially dangerous. Park animals are wild even if they appear tame.

#### DO NOT COLLECT NATURAL OBJECTS.

Natural objects are sources of food and shelter for wild animals and plants.

#### KEEP DOGS ON A LEASH. COLLECT AND DISCARD THEIR WASTE IN GARBAGE BINS.

This is for your safety, the safety of your pet, and the safety of other visitors.

#### You must have a valid national park entry pass.

Your entry fees help support and maintain visitor services and facilities. This means that every time you visit a park, you are investing in its future.
